

# Marshmallow Defenders to the rescue!

## Supplies

*Paper towel tube cut in half*

*2 balloon per person*

*Tape*

*Markers to decorate tubes*

*Snack attack bag*

## Procedure

- 1 Cut your tube in half as equal as possible
- 2 That way you can make a set. One for your friend and one for you!
- 3 Now select your balloons and cut off the neck part of the balloon. Save the top part of the balloons.
- 4 Stretch one over one tube and one over the other tube. Run a piece of tape around the balloon rubber and the cardboard tube to secure the balloon. Using markers stickers whatever you have, decorate your tubes.
- 5 Now hold the tube up right and drop in a piece of marshmallow or? Pull the top of the balloon gently back and let it go! The item in the balloon should fly out. Try it on different angles. Let it rip!
- 6 We will go outside with some cheerios to practice and feed the birds. Once you get the hang of it, we will go back inside the classroom.
- 7 Place your launchers in your take home pile.
